DETAILED ACTION

Preliminary Amendments

1. The preliminary amendment the applicant filed on 10/27/2003 and 05/17/2004 is acknowledged. In the preliminary amendment the applicant filed on 10/27/2003 the applicant cancelled claims 1-37 and added new claims 38-42. Claims 38-42 are pending in the application.

Allowable Subject Matter

2. Claims 38-42 are allowable.

3. Claim 38 is allowable because the prior art of record, taken alone or in combination, fails to disclose or render obvious a probing member comprising an elongated transparent body having a front face and an end mirror, and top, bottom and sidewalls extending therebetween to cause light beams incident on the front face bounces towards the sensing end-face by means of total internal reflection, in combination with the rest of the limitations of claim 38.

4. Claims 39 and 40 are allowable because they are dependent on independent claim 38 or an intermediate claim, and include all the allowable limitations of the parent claim.

5. Claim 41 is allowable because the prior art of record, taken alone or in combination, fails to disclose or render obvious a probing member comprising an elongated transparent body having a front face and an end mirror, and top, bottom and sidewalls extending therebetween, and a sensing end-face in the form of a transparent plate fixed to the bottom wall with an air-gap between the bottom wall's outer surface and the sensing end-face, in combination with the rest of the limitations of claim 41.

6. Claim 42 is allowable because it is dependent on claim independent claim 41, and includes all the allowable limitations claim 41.

Priority

7. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Israel on August 05, 1998. It is noted, however, that applicant has not filed a certified copy of the Israeli application as required by 35 U.S.C. 119(b).
